SECTION 6

Grantee shall have the right, but not the obligation, to extend the Cable System into any other portion of the Franchise Area, including annexed areas. 6.2 Abandonment of Service. Grantee shall not abandon any Cable Service or portion thereof without the Grantor's written consent.

6.3 New Development Underground. In cases of new construction or property development where utilities are to be placed underground, the Grantor agrees to require as a condition of issuing a permit for open trenching to any developer or property owner that such developer or property owner give Grantee at least thirty (30) days prior written notice of such construction or development, and of the particular dates on which open trenching will be available for Grantee's installation of conduit, pedestals and/or vaults, and laterals to be provided at Grantee's expense. Grantee shall also provide specifications as needed for trenching. 6.4 Annexation. The Grantor shall promptly provide written notice to the Grantee of its annexation of any territory which is being provided Cable Service by the Grantee or its affiliates. Such annexed area will be subject to the provisions of this Franchise upon sixty (60) days' written notice from the Grantor, subject to the conditions set forth below and Section 6.1 above. The Grantor shall also notify Grantee in writing of all new street address assignments or changes within the Franchise Area. Grantee shall within ninety (90) days after receipt of the annexation notice, pay the Grantor franchise fees on revenue received from the operation of the Cable System to provide Cable Services in any area annexed by the Grantor if the Grantor has provided a written annexation notice that includes the addresses that will be moved into the Franchise Area in an Excel format or in a format that will allow Grantee to change its billing system. If the annexation notice does not include the addresses that will be moved into the Franchise Area, Grantee shall pay franchise fees within ninety (90) days after it receives the annexed addresses as set forth above. All notices due under this section shall be sent by certified mail, return receipt requested to the addresses set forth in Section 15.7 with a copy to the Director of Government Affairs. In any audit of franchise fees due under this Franchise, Grantee shall not be liable for franchise fees on annexed areas unless and until Grantee has received notification and information that meets the standards set forth in this section.

7.4 Network Technical Requirements. The Cable System shall be designed, constructed and operated so as to meet those technical standards adopted by the FCC relating to Cable Systems contained in part 76 of the FCC's rules and regulations as may be amended from time to time. The Cable System shall be capable of providing at least seventy-seven (77) Channels.

SECTION 8
Conditions on Street Occupancy

8.1 General Conditions. Grantee shall have the right to utilize existing poles, conduits and other facilities whenever possible, and shall not construct or install any new, different, or additional poles, conduits, or other facilities on public property provided Grantee is able to access existing poles, conduits, or other facilities on reasonable terms and conditions.

8.2 Underground Construction. The facilities of the Grantee shall be installed underground in those Service Areas where existing telephone and electric services are both underground at the time of system construction. In areas where either telephone or electric utility facilities are installed aerially at the time of system construction, the Grantee may install its facilities aerially with the understanding that at such time as the existing aerial facilities are required to be placed underground by the Grantor, the Grantee shall likewise place its facilities underground. In the event Grantor or any agency thereof directly or indirectly reimburses any utility for the placement of cable underground or the movement of cable, Grantee shall be similarly reimbursed.

8.3 Construction Codes and Permits: Grantee shall obtain all legally required permits before commencing any construction work, including the opening or disturbance of any Street within the Franchise Area, provided that such permit requirements are of general applicability and such permitting requirements are uniformly and consistently applied by the Grantor as to other public utility companies and other entities operating in the Franchise Area. The Grantor shall cooperate with the Grantee in granting any permits required, providing such grant and subsequent construction by the Grantee shall not unduly interfere with the use of such Streets. Notwithstanding the above, the Grantee may set off any administrative permit fees or other fees required by the Grantor related to the Grantee's use of Grantor rights-of-way against the franchise fee payments required under Section 10.1 of this Franchise.

8.4 System Construction. All transmission lines, equipment and structures shall be so installed and located as to cause minimum interference with the rights and reasonable convenience of property owners and at all times shall be kept and maintained in a safe, adequate and substantial condition, and in good order and repair. The Grantee shall, at all times, employ ordinary care and use commonly accepted methods and devices for preventing failures and accidents which are likely to cause damage, injuries, or nuisances to the public. Suitable barricades, flags, lights, flares or other devices shall be used at such times and places as are reasonably required for the safety of all members of the public. Any poles or other fixtures placed in any public way by the Grantee shall be placed in such a manner as not to interfere with the usual travel on such public way.

8.5 Restoration of Public Ways. Grantee shall, at its own expense, restore any damage or disturbance caused to the public way as a result of its operation, construction, or maintenance of the Cable System to a condition reasonably comparable to the condition of the Streets immediately prior to such damage or disturbance.

8.6 Tree Trimming. Grantee or its designee shall have the authority to trim trees on public property at its own expense as may be necessary to protect its wires and facilities.

8.7 Relocation for the Grantor. The Grantee shall, upon receipt of reasonable advance written notice, to be not less than ten (10) business days, protect, support, temporarily disconnect, relocate, or remove any property of Grantee when lawfully required by the Grantor pursuant to its police powers. To the extent provided by applicable law, and provided Grantor requires all other public utilities operating in the Streets to bear their own costs, Grantee shall be responsible for any costs associated with these obligations to the same extent all other users of the Grantor rights-of-way are responsible for the costs related to the relocation of their facilities.

8.8 Relocation for a Third Party. The Grantee shall, on the request of any Person holding a lawful permit issued by the Grantor, protect, support, raise, lower, temporarily disconnect, relocate in or remove from the Street as necessary any property of the Grantee, provided that the expense of such is paid by any such Person benefiting from the relocation and the Grantee is given reasonable advance written notice to prepare for such changes. The Grantee may require such payment in advance. For purposes of this subsection, "reasonable advance written notice" shall be no less than ten (10) business days in the event of a temporary relocation and no less than one hundred twenty (120) days for a permanent relocation.

8.9 Reimbursement of Costs. If funds are available to any Person using the Streets for the purpose of defraying the cost of any of the foregoing, the Grantor shall reimburse the Grantee in the same manner in which other Persons affected by the requirement are reimbursed. If the funds are controlled by another governmental entity, the Grantor shall make application for such funds on behalf of the Grantee.

8.10 Emergency Use. Grantee shall comply with 47 U.S.C. 544(g) and all regulations issued pursuant thereto with respect to an Emergency Alert System ("EAS").

SECTION 9

Service and Rates

9.1 Phone Service. The Grantee shall maintain a toll-free telephone number and a phone service operated to receive complaints and requests for repairs or adjustments at any time.

9.2 Notification of Service Procedures. The Grantee shall furnish each Subscriber at the time service is installed, written instructions that clearly set forth information concerning the procedures for making inquiries or complaints, including the Grantee's name, address and local telephone number. Grantee shall give the Grantor notice of any changes in rates, programming services or Channel positions in accordance with applicable law.

9.3 Rate Regulation. The rates and charges for Cable Service provided pursuant to this Franchise shall be subject to regulation in accordance with federal law. If and when exercising rate regulation, the Grantor shall abide by the terms and conditions set forth by the FCC. Nothing herein shall be construed to limit the Grantee's ability to offer or provide bulk rate discounts or promotions.

9.4 Continuity of Service. It shall be the right of all Subscribers to continue receiving Cable Service insofar as their financial and other obligations to the Grantee are honored, and subject to Grantee's rights under Section 15.2 of this Franchise.

SECTION 10

Franchise Fee

10.1 Amount of Fee. Grantee shall pay to the Grantor an annual franchise fee in an amount equal to five percent (5%) of the annual Gross Revenue. Franchise fees may be passed through to Subscribers as a line item on Subscriber bills or otherwise as Grantee chooses, consistent with federal law. The amount of franchise fee and the method of calculation shall be equal when compared to the amount or method of calculation of the franchise fee in any other cable franchise or authorization to provide video service granted by Grantor. In the event any other cable franchise or authorization to provide video service provides for a lesser franchise fee than this Franchise, Grantee's obligation to pay a franchise fee under this Section 10.1 shall be reduced by an equivalent amount.

10.2 Payment of Fee. Payment of the fee due the Grantor shall be made on an annual basis, within forty-five (45) days of the close of each calendar year. The payment period and the collection of the franchise fees that are to be paid to the Grantor pursuant to the Franchise shall commence sixty (60) days after the Effective Date of the Franchise as set forth in Section 15.13. In the event of a dispute, the Grantor, if it so requests, shall be furnished a statement of said payment, reflecting the Gross Revenues and the applicable charges.

10.3 Accord and Satisfaction. No acceptance of any payment by the Grantor shall be construed as a release or as an accord and satisfaction of any claim the Grantor may have for additional sums payable as a franchise fee under this Franchise.

10.4 Limitation on Recovery. The period of limitation for recovery of any franchise fee payable hereunder shall be three (3) years from the date on which payment by the Grantee was

due. If any undisputed Franchise payment or recomputed payment is not made on or before the dates specified herein, Grantee shall pay an interest charge, computed from the last day of the fiscal year in which payment was due, at the annual rate of one (1%) percent over the prime interest rate.

10.5 No auditor engaged by the Grantor shall be compensated on a success based formula (e.g., payment based on a percentage of an underpayment, if any).

SECTION 11

Transfer of Franchise

11.1 Franchise Transfer. This Franchise is transferable provided that the successor-in-interest agrees to be bound by the terms of the Franchise to the same extent as the Grantee.

SECTION 12

Records

12.1 Inspection of Records. Grantee shall permit any duly authorized representative of the Grantor, upon receipt of advance written notice, to examine during normal business hours and on a non-disruptive basis any and all of Grantee's records pertaining to Grantee's provision of Cable Service in the Franchise Area maintained by Grantee as is reasonably necessary to ensure Grantee's compliance with the material terms of the Franchise. Such notice shall specifically reference the subsection of the Franchise that is under review so that the Grantee may organize the necessary books and records for easy access by the Grantor. The Grantee shall not be required to maintain any books and records for Franchise compliance purposes longer than three (3) years. The Grantee shall not be required to provide Subscriber information in violation of Section 631 of the Cable Act. The Grantor agrees to treat as confidential any books, records or maps that constitute proprietary or confidential information to the extent Grantee makes the Grantor aware of such confidentiality. If the Grantor believes it must release any such confidential books or records in the course of enforcing this Franchise, or for any other reason, it shall advise Grantee in advance so that Grantee may take appropriate steps to protect its interests. Until otherwise ordered by a court or agency of competent jurisdiction, the Grantor agrees that, to the extent permitted by State and federal law, it shall deny access to any of Grantee's books and records marked confidential, as set forth above, to any Person.

SECTION 13

Public Education and Government (PEG) Access

13.1 PEG Access. Grantee shall make available channel capacity for non-commercial, video programming for public, educational and governmental ("PEG") access use in accordance with Section 895.4 of the NYPSA regulations and will comply with the minimum standards set forth therein. Such PEG channel capacity may be shared with other localities served by Grantee's cable system, and Grantor hereby authorizes Grantee to transmit PEG access programming authorized herein to such other localities. The tier of service on which such PEG channel(s) may be placed shall be determined by Grantee in accordance with applicable law.

SECTION 14
Enforcement or Revocation

14.1 Notice of Violation. If the Grantor believes that the Grantee has not complied with the terms of the Franchise, the Grantor shall first informally discuss the matter with Grantee. If these discussions do not lead to resolution of the problem, the Grantor shall notify the Grantee in writing of the exact nature of the alleged noncompliance (the "Violation Notice").

14.2 Grantee's Right to Cure or Respond. The Grantee shall have thirty (30) days from receipt of the Violation Notice to (i) respond to the Grantor, contesting the assertion of noncompliance, or (ii) to cure such default, or (iii) if, by the nature of default, such default cannot be cured within the thirty (30) day period, initiate reasonable steps to remedy such default and notify the Grantor of the steps being taken and the projected date that they will be completed.

14.3 Public Hearing. If the Grantee fails to respond to the Violation Notice received from the Grantor, or if the default is not remedied within the cure period set forth above, the Board shall schedule a public hearing if it intends to continue its investigation into the default. The Grantor shall provide the Grantee at least twenty (20) days prior written notice of such hearing, which specifies the time, place and purpose of such hearing, notice of which shall be published by the Clerk of the Grantor in a newspaper of general circulation within the Grantor in accordance with subsection 15.8 hereof. At the hearing, the Board shall give the Grantee an opportunity to state its position on the matter, present evidence and question witnesses, after which it shall determine whether or not the Franchise shall be revoked. The public hearing shall be on the record and a written transcript shall be made available to the Grantee within ten (10) business days. The decision of the Board shall be made in writing and shall be delivered to the Grantee. The Grantee may appeal such determination to an appropriate court, which shall have the power to review the decision of the Board *de novo*. The Grantee may continue to operate the Cable System until all legal appeals procedures have been exhausted.

14.4 Enforcement. Subject to applicable federal and State law, in the event the Grantor, after the hearing set forth in subsection 14.3 above, determines that the Grantee is in default of any provision of the Franchise, the Grantor may:

- A. Seek specific performance of any provision, which reasonably lends itself to such remedy, as an alternative to damages; or
- B. Commence an action at law for monetary damages or seek other equitable relief; or
- C. In the case of a substantial default of a material provision of the Franchise, seek to revoke the Franchise itself in accordance with subsection 14.5 below.

14.5 Revocation.

- A. Prior to revocation or termination of the Franchise, the Grantor shall give written notice to the Grantee of its intent to revoke the Franchise on the basis of a pattern of noncompliance by the Grantee, including one or more instances of substantial

noncompliance with a material provision of the Franchise. The notice shall set forth the exact nature of the noncompliance. The Grantee shall have sixty (60) days from such notice to either object in writing and to state its reasons for such objection and provide any explanation or to cure the alleged noncompliance. If the Grantor has not received a satisfactory response from Grantee, it may then seek to revoke the Franchise at a public hearing. The Grantee shall be given at least thirty (30) days prior written notice of such public hearing, specifying the time and place of such hearing and stating its intent to revoke the Franchise. The public hearing shall be conducted in accordance with the requirements of Section 14.3 above.

- B. Notwithstanding the above provisions, the Grantee reserves all of its rights under federal law or regulation.
- C. Upon revocation of the Franchise, Grantee may remove the Cable System from the Streets of the Grantor, or abandon the Cable System in place.

SECTION 15

Miscellaneous Provisions

15.1 Compliance with Laws. Grantor and Grantee shall conform to all applicable state and federal laws and rules regarding cable television as they become effective. Grantee shall also conform with all generally applicable Grantor ordinances, resolutions, rules and regulations heretofore or hereafter adopted or established during the entire term of the Franchise. In the event of a conflict between Grantor ordinances, resolutions, rules or regulations and the provisions of this Franchise, the provisions of this Franchise shall govern.

15.1.1 Employment Practices. Grantee will not refuse to hire, nor will it bar or discharge from employment, nor discriminate against any person in compensation or in terms, conditions, or privileges of employment because of age, race, creed, color, national origin, or sex.

15.2 Force Majeure. The Grantee shall not be held in default under, or in noncompliance with the provisions of the Franchise, nor suffer any enforcement or penalty relating to noncompliance or default, where such noncompliance or alleged defaults occurred or were caused by circumstances reasonably beyond the ability of the Grantee to anticipate and control. This provision includes, but is not limited to, severe or unusual weather conditions, fire, flood, or other acts of God, strikes, work delays caused by failure of utility providers to service, maintain or monitor their utility poles to which Grantee's Cable System is attached, as well as unavailability of materials and/or qualified labor to perform the work necessary.

15.3 Minor Violations. Furthermore, the parties hereby agree that it is not the Grantor's intention to subject the Grantee to forfeitures or revocation of the Franchise for violations of the Franchise where the violation was a good faith error that resulted in no or minimal negative impact on the Subscribers within the Franchise Area, or where strict performance would result in practical difficulties or hardship to the Grantee which outweighs the benefit to be derived by the Grantor and/or Subscribers.

15.4 Action of Parties. In any action by the Grantor or the Grantee that is mandated or permitted under the terms hereof, such party shall act in a reasonable, expeditious and timely

manner. Furthermore, in any instance where approval or consent is required under the terms hereof, such approval or consent shall not be unreasonably withheld.

15.5 Equal Protection. If any other provider of cable services or video services (without regard to the technology used to deliver such services) is lawfully authorized by the Grantor or by any other State or federal governmental entity to provide such services using facilities located wholly or partly in the public rights-of-way of the Grantor, the Grantor shall ensure that the terms applicable to such other provider are no more favorable or less burdensome than those applicable to Grantee. If the authorization applicable to such other provider contains franchise fee, PEG, free service, right-of-way, or other terms imposing monetary or regulatory burdens that are less costly or less burdensome than the corresponding obligations imposed upon Grantee, Grantor shall, within thirty (30) days of a written request from Grantee, modify this Franchise to ensure that the corresponding obligations applicable to Grantee are no more costly or burdensome than those imposed on the new competing provider. If the Grantor fails to make modifications consistent with this requirement, Grantee agrees not to enforce such corresponding obligations in this Franchise beyond the requirements imposed by the less costly or less burdensome obligations in such competing provider's authorization. As an alternative to the equal protection procedures set forth herein, the Grantee shall have the right and may choose to have this Franchise with the Grantor be deemed expired thirty (30) days after written notice to the Grantor. Nothing in this Franchise shall impair the right of the Grantee to terminate this Franchise and, at Grantee's option, negotiate a renewal or replacement franchise, license, consent, certificate or other authorization with any appropriate government entity. Nothing in this Section 15.5 shall be deemed a waiver of any remedies available to Grantee under federal, state or municipal law, including but not limited to Section 625 of the Cable Act, 47 U.S.C. § 545.

15.6 Change in Law. Notwithstanding any other provision in this Franchise, in the event any change to state or federal law occurring during the term of this Franchise eliminates the requirement for any person desiring to provide video service or Cable Service in the Franchise Area to obtain a franchise from the Grantor, then Grantee shall have the right to terminate this Franchise and operate the Cable System under the terms and conditions established in applicable law. If Grantee chooses to terminate this Franchise pursuant to this provision, this Franchise shall be deemed to have expired by its terms on the effective date of any such change in law, whether or not such law allows existing franchise agreements to continue until the date of expiration provided in any existing franchise.

15.7 Notices. Unless otherwise provided by federal, State or local law, all notices pursuant to this Franchise shall be in writing and shall be deemed to be sufficiently given upon delivery to a Person at the address set forth below, or by U.S. certified mail, return receipt requested, nationally or internationally recognized courier service such as Federal Express or electronic mail communication to the designated electronic mail address provided below. As set forth above, notice served upon the Grantor shall be delivered or sent to:

Grantor: Town of Clifton Park
Attn: Supervisor
1 Town Hall Plaza
Clifton Park, NY 12065

Grantee: Charter Communications
Attn: Director, Government Affairs
20 Century Hill Drive
Latham, NY 12110

Copy to: Charter Communications
Attn: Vice President, Government Affairs
601 Massachusetts Ave., NW
Suite 400W
Washington, DC 20001

15.8 Public Notice. Grantor shall provide written notice to Grantee twenty (20) days prior to any public meeting relating to this Franchise or to consider any authorization or exemption granted to any other Person(s) to provide cable service or video service using facilities located wholly or partly in the Streets. Minimum public notice of any public meeting relating to the foregoing shall be in accordance with applicable law.

15.9 Grantee Notice. Grantor shall provide written notice to Grantee within ten (10) days of Grantor's receipt from any other Person(s) of an application or request for an authorization or exemption to provide cable service or video service using facilities located wholly or partly in the Streets.

15.10 Severability. If any section, subsection, sentence, clause, phrase, or portion of this Franchise is, for any reason, held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions of this Franchise.

15.11 Entire Agreement. This Franchise and any Exhibits hereto constitute the entire agreement between Grantee and the Grantor and they supersede all prior or contemporaneous agreements, representations or understandings (whether written or oral) of the parties regarding the subject matter hereof.

15.12 Administration of Franchise. The Board, or such other person as may be designated and supervised by the Board, is responsible for the continuing administration of the Franchise. This Franchise is a contract and neither party may take any unilateral action that materially changes the mutual promises and covenants contained herein. Any changes, modifications or amendments to this Franchise must be made in writing, signed by the Grantor and the Grantee. Any determination by the Grantor regarding the interpretation or enforcement of this Franchise shall be subject to de novo judicial review.

15.13 NYPSC Approval. This Franchise is subject to the approval of the NYPSC. Grantee shall file an application for such approval with the NYPSC within sixty (60) days after the date the Franchise is approved by Grantor and accepted by Grantee. Grantee shall also file any necessary notices with the FCC.

15.14 Effective Date. The Franchise granted herein will take effect and be in full force from the date of approval by the NYPSC ("Effective Date"). If any fee or grant that is passed through to

Subscribers is required by this Franchise, other than the franchise fee, such fee or grant shall go into effect sixty (60) days after the Effective Date of this Franchise.

15.15 No Third Party Beneficiaries. Nothing in this Franchise is intended to confer third-party beneficiary status on any person other than the parties to this Franchise to enforce the terms of this Franchise.

The Easement area shall include a strip of land 20 feet in width, on private property of all lots owned by Grantor, all as shown on Exhibit "A" including the right to extend lateral service lines to all buildings now or hereafter constructed upon lots abutting said easement strips.

It is the general intention of the parties hereto that the facilities shall be laid underground parallel to the street line with street crossings and lateral facilities (except service lines) constructed generally along the dividing line between individual lots, to provide electric, gas street lighting, cable TV and communication service where necessary to buildings located on both sides of the streets comprising the subdivision.

Grantor covenants and agrees:

1. That unless the prior written consent of the Grantee is obtained, said easement premises, as well as the immediate area within which any said lateral facilities may be installed, shall remain unoccupied and that no surface, above surface, or subsurface structures shall be constructed on, or within five (5) feet of either side of, said easement premises and lateral facilities area. Said consent shall not be unreasonably withheld by the Grantee.

This provision is not intended to prohibit the crossing of said easement premises and lateral facilities provided the exercise of such crossing privilege will not damage or interfere with the construction, operation, maintenance or removal of the Grantee's equipment and facilities.

2. To clear said easement premises and lateral facilities areas of trees, tree stumps, brush and other obstructions hindering or interfering with the installation of the Grantee's equipment and facilities prior to the commencement of construction.
3. To grade said easement premises and lateral facilities areas to within six (6) inches of final grade prior to the commencement of construction, and to provide the Grantee with markings suitable to indicate final grade. Following installation of the Grantee's equipment and facilities, the premises shall not be altered or changed more than six (6) inches from such final grade marking.
4. That all buildings now or hereafter constructed on Grantor's land requiring electric, gas, street lighting and communication services shall be served exclusively by means of the underground facilities installed pursuant to the terms of this easement agreement, and that this easement is made for the benefit and use of all of the lots, properties and premises on Grantor's land.
5. To reimburse and hold Grantee harmless for any and all costs and expense incurred by Grantee for the relocation of the facilities installed under this agreement by reason of alterations to the "easement premises" on the part of Grantor, his successors and assigns including but not restricted to changes in lot lines, driveways, or grade.

Grantee shall be responsible for the costs of repair to any utility which was properly marked or mapped, or as otherwise provided by law.

Introduced by _____, who moved its adoption, seconded by _____

WHEREAS, the New York State Department of Environmental Conservation (NYSDEC) SPDES General Permit for Stormwater Discharges from Municipal Separate Storm Sewer Systems (MS4s), GP-0-24-001, establishes requirements for MS4 Operators to develop and implement a Stormwater Management Program, including requirements related to the inventory, inspection, and maintenance of catch basins and other components of the municipal storm sewer system; and

WHEREAS, the Town has approximately 5,300 mapped catch basins within its municipal storm sewer system, and the collection of catch basin inspection information will assist the Town in evaluating catch basin conditions, identifying -maintenance needs, and establishing an appropriate schedule for catch basin cleaning and maintenance to reduce the potential discharge of pollutants to impaired and other receiving waters; and

WHEREAS, the required catch basin inventory and inspection information involves the collection and management of technical and geospatial data, and the Town desires that such information be collected in a format compatible with the Saratoga County Intermunicipal Stormwater Management Program, including the use of Survey123, or a compatible platform, and ArcGIS Field Maps; and

Re: Town of Clifton Park MS4 Technical / Regulatory Support
Town of Clifton Park, New York
MJ Proposal No. 2026435 for Engineering Services

Dear Scott:

MJ Engineering, Architecture, Landscape Architecture, and Land Surveying, P.C. (MJ) is pleased to provide the Town of Clifton Park (Town) this proposal for professional services associated with MS4 technical and regulatory support. MJ's project understanding and associated Scope of Services are included below.

PROJECT UNDERSTANDING

Based upon our discussion, MJ understands the following:

- The Town is currently covered by GP-0-24-001, which requires several programmatic and operational modifications compared to the previous permit. The permit requirements have been given timelines for implementation, including items required within 6 months, 1-year, 2-years, 3-years, and 5-years of the effective day of the permit, which is January 3, 2024.
- The Town is a regulated traditional land use MS4 with town staff providing much of the technical and regulatory support. The Town is in need of external support to ensure continued compliance with the many facets associated with the 2024 MS4 General Permit, GP-0-24-001.
- The Town has requested MJ to provide the necessary support to further the Town's stormwater infrastructure inventory, mapping, and inspections required under the General Permit.
- The Town, as part of the Saratoga County Inter-Municipal Stormwater Management Program (ISWM), receives support from Cornell Cooperative Extension (CCE), including mapping support, program templates, and implementation guidance. The ISWM meets twice a month to evaluate the permit requirements and develop action plans.
- The Town's MS4 infrastructure includes approximately 5,200 catch basins that require inventory and inspection.

Based upon the above understanding, MJ offers the following Scope of Services for your consideration.

21 Corporate Drive
Clifton Park, NY 12065

518.371.0799
mj@mjteam.com
mjteam.com

Fishkill, NY
Levittown, NY
Saranac Lake, NY
Picatinny, NJ

SCOPE OF SERVICES

Task 01: Stormwater System Inventory, Mapping Update and Inspection

MJ will conduct a field inventory of the MS4 infrastructure as follows:

- MJ field staff will access identified catch basin locations in the Town to field locate infrastructure. ArcGIS Online and connected tablets will be utilized by MJ field personnel for infrastructure locations, identification, inventorying, and inspections to efficiently gather structure attributes and photos in the field.
- All inspections will be provided on the Survey 123 inspection form integrated into the Town's GIS Mapping that will be available for use in the mapping component as well as for inclusion in SWMP updates.

The MS4 Infrastructure that will be located, inventoried and/or inspected along with the necessary data collected will include:

- Locations and dimensions of MS4 outfalls and interconnections.
- Conveyance systems: type (closed pipe or open drainage), description (material, shape, dimensions), direction of flow, culvert crossing location and dimensions, stormwater structure type (drop inlet, catch basin, or manhole) and number of connections to catch basins and manholes.

MJ will locate any existing catch basin inspection forms, ensure they are documented and inventoried properly, and perform catch basin inspections where needed. MJ will document for the Town when the next catch basin inspection is needed. Each catch basin must be inspected again five years from the date of the original inspection.

Through the completion of this task, the following permit requirements will be satisfied:

- **VI.F.3.c.i** – Identify when catch basin inspection is needed
- **VI.F.3.c.ii** – Inventory catch basin information

ASSUMPTIONS

The following assumptions were made in the development of this proposal:

1. The Town will:
 - a. Provide available existing GIS data, mapping and prior inspection records.
 - b. Provide access to municipal properties.
 - c. Coordinate access to private property, if required.
 - d. Complete the annual reporting and other recurring compliance items directly or with the ISWM.
2. Survey-grade accuracy is not required unless otherwise specified.

FEE

MJ proposes to complete the above-listed services on an hourly not to exceed (HNTE) basis. MJ's approved Town Designated Engineer hourly rates will apply to the work efforts described.

Description	Fee Type	Estimated Fee
Task 01 – Inventory, Mapping, Inspection	HNTE	\$ 60,000
Total Estimated Fee		\$ 60,000

MJ will invoice the Town monthly based on actual time incurred. MJ will notify the Town prior to exceeding the Estimated Fee if required to complete the scope of work. The fee assumes there are no significant changes resulting from decisions, conditions and/or events beyond MJ's control.

SUMMARY

Thank you for the opportunity to provide a proposal for this project. If the above scope of work is acceptable, please execute and return the Authorization to Proceed below. We look forward to the opportunity to continue to work with the Town on this project. Please do not hesitate to contact Jenny Lippmann at 518-371-0799 or via email at jlippmann@mjteam.com if you have questions or require additional information.

Sincerely,

Michael D. Panichelli, P.E.
President

AUTHORIZATION TO PROCEED

Subject: Re: new playground equipment

Hi Dan - Thanks to you and Kieran for the follow up. With the lowest cost estimate at \$8,170, A Plus Playgrounds did not sufficiently accommodate the bid request, which is a factor. For the three separate spinners, they listed 3 lotus spinners, which is not what was requested. We needed three different spinner types to meet the needs of those using the playground. One short saddle type spinner for younger kids, one taller saddle type spinner for older kids, and one lotus type, or sit and spin... which is shaped to hold the user within the seat and, though it's useful for all kids, it's also more accessible for kids that may not as easily be able to hold on for balance.

Of course, the third bid submitted was quite a bit more at \$16,898. And it included a 4 seat see saw (we wanted 2 seats), as well as two spinners that we triple the price of the ones requested, which significantly affected the total price.

M.A. Shafer Construction submitted a bid for the specific items that were requested. Though the total cost was \$10,800, which is above the submission from the lowest bidder, they sufficiently accommodated the proposal for the specific playground equipment and installation. So, I would ask that their proposal be considered. I can provide more info as needed.

Thanks. Stu

Re: Fiscal Year 2027 Construction Phase Steps
Town of Clifton Park's 80% federally funded TIP Project 1085.48: NY Rt 146, 146A & Vischer Ferry Rd (CR) Pedestrian and Bicycle Transportation Improvements
Date: 10/6/2026

Action Item for your Consideration for Authorization:

Following the Right-of-Way (ROW) phase and final design approvals and permitting through NYS DOT, this pedestrian/bicyclist infrastructure project will next be progressing into the **Construction Phase** of this multi-year project for the 2027 federal fiscal year. For this next phase, GPI has submitted for the Town Board's authorization, a Supplemental Agreement for engineering services dated October 6, 2026:

- for Construction Support/Construction Inspection for \$275,000, which is an increase from the grant budget of \$114,000 as the original total project budget was estimated in 2019, about 7 years ago;
- and for \$80,000 maximum budgeted for additional engineering costs.

Brief Project Background:

The Town of Clifton Park's federally-funded, existing, bike-ped project, NY 146 and NY 146A Bicycle and Pedestrian Access Improvement project (SA 323), is an existing Transportation Improvement Program (TIP) project through the Capital Region Transportation Council (CRTTC), which serves as the Capital Region's Metropolitan Planning Organization (MPO) for the allocation of federal transportation funding throughout the Capital Region. While the CRTTC allocates the federal dollars among the many municipalities and the state for this region, it is the NYS Department of Transportation that directly administers the federal grant funding working directly with the localities such as the Town of Clifton Park. The federal funded projects administered through DOT, for this project, cover 80% of the original project budget. This project was originally listed in the multi-year 2019-2024 TIP, and was carried forward in the current TIP, the 2025-2030 TIP, as adopted by the CRTTC in 2025.

- The project's federal funding share is \$1.0552 million.
- This project's Master Agreement with NYS DOT and the Town of Clifton Park was authorized in May 2022. These federally-funded, locally administered projects proceed by project phases through supplemental agreements with NYS DOT, which is why you as a Town Board may see the project authorization requests arise from time to time over the

course of these multi-year projects. The right-of-way phase was authorized to begin in July 2023.

- The Town of Clifton Park, with its engineering consultants, Greenman Pedersen, Inc. (GPI) conducted a public meeting about this project a year ago, October 2025 to review the preliminary design plans.
- The Town retained GPI as the engineering consultant from the project inception, conducting planning, preliminary design, surveying, and all due diligence with environmental analysis, utility considerations for layout, right-of-way analysis including meetings / communications with property owners along the potential route, detailed design, and they are now getting ready for the proceeding with the construction phase and the administrative support and ultimately construction inspection needed on the town's behalf.

As you may recall, the **project intent** is to close the gaps and connect additional neighborhoods to the existing pedestrian and bicycle facilities along these roadways, that include a segment of improvements along NY 146, NY 146A, and Vischer Ferry Road (CR 90). The project includes proposed sidewalks, multi-use trail segments/bicycling facilities, and crosswalks.

The Town sought this outside funding through a competitive TIP application process in 2019 and was awarded federal transportation grant funding for this local project administered through NYS Department of Transportation to cover about 80% of the project costs, with remaining local match funding being provided by the Town of Clifton Park.

Thank you for your support of this important connective infrastructure for all ages to reach important pedestrian destinations like Clifton Common, local commercial areas, and the Shen main campus.

RE: 146/146A Bike/Ped Design/CI Supplemental Request

Dear Ms. Viggiani:

GPI is nearing completion of the design phases of the NY Route 146 and NY Route 146A Bicycle and Pedestrian Access Improvements Project, which has been advanced generally in accordance with the Agreement executed on June 16, 2022. Throughout project development, several factors resulted in a level of effort substantially greater than originally anticipated, including extended agency review periods, additional stakeholder coordination, archaeological investigations, permit revisions, environmental updates, and multiple design modifications resulting from agency and public input.

As a result, additional engineering effort has been required to complete the design and environmental phases of the project and additional funding is requested to complete the remaining design tasks. Additionally, a future scope of services has been developed for construction support and inspection services during construction.

Design Overage/Underage:

Task 1 – General and Administrative

This section consisted of various items such as contract administration, project familiarization, meetings, project scheduling, preparing cost and progress reports, and working with all subcontractors. Additional work was completed for this section, such as added coordination with subconsultants, meetings, and coordination with NYSDOT, the Town, and various third party entities. This resulted in an overage of \$8,109.04 (190% of original task value). It is assumed that an additional \$2887.39 will be needed to complete the project, for a total additional requested amount of \$10,996.43.

Task 2 – Data Collection and Analysis

This section consisted of reviewing and updating the base survey and mapping that as provided to GPI, along with review and analysis of the stormwater, utilities, and wetlands. While additional work was completed for this section, our current budget is 63% spent and all work is now completed. This task therefor realized a savings of \$8,939.59.

Task 3 – Preliminary Design

This task included development of the preliminary layout, design, and cost estimates for the proposed bicycle and pedestrian improvements. The original contract contemplated seven individual improvement components, each of which required separate evaluation, design development, and cost estimation prior to incorporation into a comprehensive plan set and project estimate.

Throughout preliminary design, multiple rounds of agency review and stakeholder input required revisions to the plans, estimates, and Design Report. These review cycles extended from August 2023 through September 2025, substantially longer than originally anticipated and resulted in repeated refinement of previously completed design elements.

In addition, following review of the Section 106 Project Submittal Package, SHPO determined that a Phase 1A and Phase 1B Archaeological Investigation would be required. These services were not anticipated in the original scope and required significant additional coordination and technical effort.

As a result, this task exceeded the original budget by \$28,680.12 (158% of the original task value). All work associated with this task is now complete.

Task 4 – Environmental

This task included SEQRA coordination, SWPPP development, environmental permitting, wetland evaluations, and environmental agency coordination.

Due to the extended project duration, several environmental tasks required updates and re-evaluation, including wetland delineation field reviews, wetland avoidance and mitigation coordination, ESA/IPaC reviews, and permit application updates.

During permit review, the US Army Corps of Engineers requested revisions and supplemental information, requiring multiple resubmittals. Additionally, implementation of a new electronic submittal process during review required portions of the permitting effort to be reformatted and resubmitted.

These factors resulted in an overage of \$1,101.24 (104% of the original task value). An additional \$12,083.00 is anticipated to complete the remaining SWPPP preparation, agency coordination, permit support, and final environmental documentation. The total requested increase for this task is \$13,184.24.

Task 5 – ROW

This section was funded under a separate Supplemental Agreement. GPI anticipates completing this task under budget.

Task 6 – Detailed Design

This task included preparation of final design plans, specifications, estimates, and coordination necessary to advance the project toward advertisement.

As detailed design progressed, additional coordination was required with NYSDOT, the Town of Clifton Park, adjacent property owners, local stakeholders, and elected officials regarding various project elements. Following the Public Information Meeting, several project components underwent additional technical evaluation and documentation. GPI prepared supplemental technical memoranda, conducted additional pedestrian and traffic evaluations, and provided support materials to assist the Town in discussions regarding potential project modifications.

To date, this task has exceeded the original budget by \$302.08. An additional \$14,665.59 is anticipated to complete final design, comment resolution, PS&E package preparation, and project closeout activities. The total requested increase for this task is \$14,967.67.

Task 7 – Advertisement, Bid Opening, Award

This task has not started yet, and is anticipated to finish within budget.

Construction Support and Inspection

Based upon assumed construction schedule of starting work in April 2027 with a completion of October 2027, this yield a net of 25 weeks of construction support and inspection hours required.

Task 8 – Construction Support

It is assumed that throughout the project, several members of the design staff will need to prepare for and attend preconstruction and construction progress meetings, prepare meeting minutes, and coordinate future meetings. It is also assumed that the design staff will need to make periodic site visits to address any proposed changes in design, or unforeseen conditions.

Task 9 – Construction Inspection

It is assumed that there will be one full time Resident Engineer working daily on the project throughout construction. Duties will include inspection to ensure work is completed to NYSDOT and Town standard, daily record and quantity keeping, change orders, contractor payments, material submittal review, record plan keeping, and closeout paperwork. This task will also include weekly inspections for SWPPP compliance.

Construction inspection and SWPPP inspection assume the following workload:

- 80 hours for a Construction Supervisor
- 1000 hours for a Resident Engineer

- 200 hours for an NICET level II Inspector (Days with multiple critical operations)
- 150 hours for SWPPP inspections and reports
- Total 1630 hours, plus additional cost for third-party concrete and earthwork testing

This yields a total cost of **\$275,000.00 for the required Construction Support and Inspection Services**

The requested supplemental funding is primarily attributable to factors that could not reasonably have been anticipated during development of the original scope, including extended agency review durations, additional environmental and archaeological requirements, permit revisions and resubmittals, expanded stakeholder coordination, multiple design revisions, and the extended overall project schedule. GPI has worked closely with the Town, NYSDOT, regulatory agencies, and project stakeholders throughout the project development process to advance the project while maintaining schedule commitments and addressing agency and public concerns.

The summary of this extra work request is as follows:

	Original	Projected	Difference
Design	\$247,367.70	\$327,367.70	\$80,000.00
Construction Support/Inspection	<u>\$0.00</u>	<u>\$275,000.00</u>	<u>\$275,000.00</u>
	\$247,367.70	\$602,367.70	\$355,000.00

ARTICLE 12. DAMAGES AND DELAYS

The CONSULTANT shall not make any charge or claim for damages for any delays or hindrances from any cause whatsoever during the progress of any portion of the services specified in this Agreement. Such delays or hindrances, if any, shall be compensated for by an extension of time for such reasonable period as the Town may decide, it being understood, however, that the permitting of the CONSULTANT to proceed to complete any services or any part of them after the date of completion or after the date to which the time of completion may have been extended, shall in no way operate as a waiver on the part of the Town of any of its rights herein. Nothing in this ARTICLE will prevent the CONSULTANT from exercising its rights under ARTICLE 7 of this agreement.

ARTICLE 13. TERMINATION

The Town shall have the absolute right to terminate this Agreement, and such action shall in no event be deemed a breach of contract:

- A. for convenience of the Town - if a termination is brought about for the convenience of the Town and not as a result of unsatisfactory performance on the part of the CONSULTANT, final payment shall be made based on the basis of the CONSULTANT'S compensable work delivered or completed prior to and under any continuing directions of such termination.
- B. for cause - if the termination is brought about as a result of the Town's determination of unsatisfactory performance or breach of contract on the part of the CONSULTANT, the value of the work performed by the CONSULTANT prior to termination shall be established by the percent of the amount of such work satisfactorily delivered or completed by the CONSULTANT to the point of termination and acceptable to the Town, of the total amount of work contemplated by the Agreement.

ARTICLE 14. DEATH OR DISABILITY OF THE CONSULTANT

In case of the death or disability of one or more but not all the persons herein referred to as CONSULTANT, the rights and duties of the CONSULTANT shall descend upon the survivor or survivors of them, who shall be obligated to perform the services required under this Agreement, and the Town shall make all payments due to him, her or them.

In case of the death or disability of all the persons herein referred to as CONSULTANT, all data and records pertaining to the PROJECT shall be delivered within sixty (60) days to the Town or his duly authorized representative. In case of the failure of the CONSULTANT'S successors or personal representatives to make such delivery on demand, then in that event the representatives of the CONSULTANT shall be liable to the Town for any damages it may sustain by reason thereof. Upon the delivery of all such data to the Town, the Town will pay to the representatives of the CONSULTANT all amounts due the CONSULTANT, including retained percentages to the date of the death of the last survivor.

ARTICLE 15. CODE OF ETHICS

The CONSULTANT specifically agrees that this Agreement may be canceled or terminated if any work under this Agreement is in conflict with the provisions of any applicable law establishing a Code of Ethics for Federal, State or Municipal officers and employees.

ARTICLE 16. INDEPENDENT CONTRACTOR

The CONSULTANT, in accordance with his status as an independent contractor, covenants and agrees that s/he will conduct himself consistent with such status, that s/he will neither hold himself out as, nor claim to be, an officer or employee of the Town by reason hereof, and that

**PIN 1085.48 – NY Route 146 & 146A Bicycle and Pedestrian Access Improvements
Town of Clifton Park, Saratoga County New York**

s/he will not, by reason hereof, make any claim, demand or application to or for any right or privilege applicable to an officer or employee of the Town, including but not limited to Worker's Compensation coverage, Unemployment Insurance benefits, Social Security coverage or Retirement membership or credit. Further, the employees and agents of the CONSULTANT shall not in any manner be, or be held out to be, agents or employees of the Town and will not, by reason hereof, make any claim, demand or application to or for any right or privilege applicable to an officer or employee of the Town, including but not limited to Worker's Compensation coverage, Unemployment Insurance benefits, Social Security coverage or Retirement membership or credit..

ARTICLE 17. COVENANT AGAINST CONTINGENT FEES

The CONSULTANT warrants that s/he has not employed or retained any company or person, other than a bona fide employee working for the CONSULTANT, to solicit or secure this Agreement, and that s/he has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, the Town shall have the right to annul this Agreement without liability, or, in its discretion, to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift, or contingent fee.

ARTICLE 18. TRANSFER OF AGREEMENT

The CONSULTANT specifically agrees that s/he is prohibited from assigning, transferring, conveying, subletting or otherwise disposing of this Agreement or of his right, title or interest therein, or his power to execute such Agreement, to any other person, company or corporation, without the previous consent in writing of the Town. Further, the CONSULTANT shall not subcontract for any portion of the services required under this Agreement without the prior written approval of the Town. Any such subcontractor shall be subject to the terms and conditions of this Agreement and any additional terms and conditions the Town may deem necessary or appropriate.

If this provision is violated, the Town may revoke and annul the Agreement and the Town shall be relieved from any and all liability and obligations there under to the person, company or corporation to whom the CONSULTANT shall purport to assign, transfer, convey, sublet or otherwise dispose of the Agreement without such consent in writing of the Town.

ARTICLE 19. PROPRIETARY RIGHTS

The CONSULTANT agrees that if patentable discoveries or inventions should result from work described herein, all rights accruing from such discoveries or inventions shall be the sole property of the CONSULTANT. However, the CONSULTANT agrees to and does hereby grant to the United States Government and the State of New York and the Town a nonexclusive, nontransferable, paid-up license to make, use, and sell each subject invention throughout the world by and on behalf of the Government of the United States and states and domestic

Town of Clifton Park, Saratoga County New York**

municipal governments, all in accordance with the provisions of 48 CFR 1-27.

ARTICLE 20. SUBCONTRACTORS/SUBCONSULTANTS

All subcontractors and subconsultants performing work on this project shall be bound by the same required agreement provisions as the CONSULTANT. All agreements between the CONSULTANT and a subcontractor or other subconsultant shall include all standard required agreement provisions, and such agreements shall be subject to review by the Town.

ARTICLE 20.1 PROMPT PAYMENT. While federal regulation (49 CFR 26.2925) requires payment to subcontractors within 30 days, New York State law is more stringent. NYS General Municipal Law §106-b and NYS Finance Law Article 9, §139-f require prime contractors and prime consultants to pay their vendors within seven (7) calendar days of receipt of payment from the public owner/sponsor, and provides for interest on late payments for all public works contracts. Contract provisions incorporating any other payment schedule will not be allowed. A subcontractor's work is satisfactorily completed when all the tasks called for in the subcontract have been accomplished and documented. When the Sponsor has made an incremental acceptance of a portion of a prime contract, the work of a subcontractor covered by that acceptance is deemed to be satisfactorily completed.

ARTICLE 21. CERTIFICATION REQUIRED BY 49 CFR, PART 29

The signator to this Agreement, being duly sworn, certifies that, EXCEPT AS NOTED BELOW, its company and any person associated therewith in the capacity of owner, partner, director, officer, or major stockholder (five percent or more ownership)

- B. has not been suspended, debarred, voluntarily excluded or determined ineligible by any federal agency within the past three years;
- C. does not have a proposed debarment pending; and
- D. has not been indicted, convicted, nor had a civil judgment rendered against it by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past three years.

ARTICLE 22. CERTIFICATION FOR FEDERAL-AID CONTRACTS

The prospective participant certifies, by signing this Agreement to the best of his or her knowledge and belief, that:

- A. No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an

officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

- B. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit the standard "Disclosure Form to Report Lobbying," in accordance with its instructions.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The prospective participant also agrees by submitting his or her bid or proposal that s/he or she shall require that the language of this certification be, included in all lower tier subcontracts, which exceed \$100,000 and that all such subrecipients shall certify and disclose accordingly.

ARTICLE 23. RESPONSIBILITY OF THE CONSULTANT

- A. The CONSULTANT shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications and other services furnished by the CONSULTANT under this contract. The CONSULTANT shall, without additional compensation, correct or revise any errors or deficiencies in its designs, drawings, specifications, and other services. However, the Town may, in certain circumstances, provide compensation for such work.
- B. Neither the Town's review, approval or acceptance of, nor payment for, the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement, and the CONSULTANT shall be and remain liable to the Town in accordance with applicable law for all damages to the Town caused by the CONSULTANT'S negligent performance or breach of contract of any of the services furnished under this Agreement.
- C. The rights and remedies of the Town provided for under this Agreement are in addition to any other rights and remedies provided by law.

**PIN 1085.48 – NY Route 146 & 146A Bicycle and Pedestrian Access Improvements
Town of Clifton Park, Saratoga County New York**

- D. If the CONSULTANT is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.

ARTICLE 24. NON-DISCRIMINATION REQUIREMENTS

The CONSULTANT agrees to comply with all applicable Federal, State and Town Civil Rights and Human Rights laws with reference to equal employment opportunities and the provision of services. In accordance with Article 15 of the N.Y. Executive Law (also known as the Human Rights Law) and all other State and Federal Statutory and constitutional non-discrimination provisions, the CONSULTANT will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, age, disability or marital status. Furthermore, in accordance with Section 220-e of the N.Y. Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, CONSULTANT agrees that neither it nor its SUBCONSULTANTS shall, by reason of race, creed, color, disability, sex or national origin; (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this Agreement. CONSULTANT is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this Agreement and forfeiture of all moneys due hereunder for a second or subsequent violation.

ARTICLE 25. CERTIFICATION REQUIRED BY 40 CFR 11 1506.5

If the work of the PROJECT includes the preparation of an Environmental Impact Statement (EIS), the signator to this Agreement, being duly sworn, certifies that its company and any person associated therewith in the capacity of owner, partner, director, officer, or major stockholder (five percent or more ownership) does not have any financial or other interest in the outcome of the PROJECT including:

- a. an existing contract for the PROJECT's ROW incidental work or construction engineering; or
- b. ownership of land, options to buy land, or some business enterprise which would be financially enhanced or diminished by any of the PROJECT alternatives.

This does not preclude the CONSULTANT from being awarded a future contract covering the work describe in this Article or being awarded Phases V & VI Final Design after the EIS has been approved.

ARTICLE 26. BIDDING OF DIRECT NON-SALARY ITEMS

For all contracts other than personal services in excess of \$5,000, the CONSULTANT shall solicit a number of quotes from qualified subcontractors so that at least three (3) quotes will be

received. For all contracts other than personal services in excess of \$20,000 except printing contracts in excess of \$10,000, the CONSULTANT shall solicit a number of sealed bids from qualified subcontractors so that at least three (3) bids will be received. The CONSULTANT shall then enter into a subcontract with the lowest bidder or entity submitting the lowest quotation who is fully responsive to the invitation to submit a quote/bid.

ARTICLE 27. WAGE AND HOURS PROVISIONS

If this is a public work contract covered by Article 8 of the N.Y. Labor Law or a building service contract covered by Article 9 thereof, neither CONSULTANT'S employees nor the employees of its SUBCONTRACTORS may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the N.Y. Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, CONSULTANT and its subconsultants must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the N.Y. Labor Law.

ARTICLE 28. INTERNATIONAL BOYCOTT PROHIBITION

In accordance with Section 220-f of the N.Y. Labor Law and Section 139-h of the N.Y. State Finance Law, if this contract exceeds \$5,000, the CONSULTANT agrees, as a material condition of this Agreement, that neither the CONSULTANT nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If the CONSULTANT, or any of the aforesaid affiliates of CONSULTANT, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the Agreement's execution, such agreement, amendment or modification thereto shall be rendered forfeit and void. The CONSULTANT shall so notify the Town and the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (See, 2 NYCRR 105.4).

ARTICLE 29. SERVICE OF PROCESS

In addition to the methods of service allowed by the N.Y. Civil Practice Law & Rules ("CPLR"), CONSULTANT hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon CONSULTANT'S actual receipt of process or upon the Town's receipt of the return thereof by the United State Postal Service as refused or undeliverable. CONSULTANT must promptly notify the Town, in writing, of each and every change of address to which service of process can be made. Service by the Town to the last known address shall be sufficient. CONSULTANT will have thirty (30) calendar days after service hereunder is complete in which to respond.

ARTICLE 30. MISCELLANEOUS

30.1 Executory Contract. This Agreement shall be deemed only executory to the extent of the monies available, and no liability shall be incurred by the Town beyond the monies legally available for the purposes hereof.

30.2 During the term of this Agreement, the contractor agrees that, in the event of its reorganization or dissolution as a business entity or change in business, the CONSULTANT shall give the Town thirty (30) days written notice in advance of such event.

30.3 The CONSULTANT shall at all times obtain and maintain all licenses required by New York State, or other relevant regulating body, to perform the services required under this Agreement, and shall comply with all applicable laws, rules and regulations.

Resolution No. __ of 2026, a resolution creating the Project Advisory Committee for the Town of Clifton Park Community Trails Connectivity and Active Transportation Bike/Ped Network Plan Project and appointing the Committee.

Introduced by _____, who moved its adoption, seconded by _____.

WHEREAS, the Town Board authorized Toole Design to undertake a public planning process working closely with town staff and officials for active transportation and mobility throughout the Town of Clifton Park by Resolution on October 6, 2026; and

Mr. Scott Reese
Stormwater Management Officer
Town of Clifton Park – Planning Department
1 Town Hall Plaza
Clifton Park, NY 12065

Regarding: Proposal for Professional Services
41-acre Riverview Road Park/Nature Preserve
Culvert Replacement
Riverview Road
Clifton Park, NY

Dear Mr. Reese:

The Environmental Design Partnership, LLP (EDP) is pleased to provide you this proposal for professional services associated with the 41-acre Town Park/nature preserve on Riverview Road. EDP's project understanding and associated scope of services are included below.

PROJECT UNDERSTANDING

It is EDP's understanding that an existing 18-inch corrugated metal culvert which conveys water from the large pond within the park to an existing swale is compromised and needs to be replaced. There is no available information regarding the invert elevation of the 18-inch corrugated metal pipe. As such, limited survey will be needed to capture that information. The replacement of the culvert will also require permitting with the New York State Department of Environmental Conservation (NYSDEC) as the surface waters are regulated.

EDP understands the Town intends to send this project out to three (3) contractors for pricing or utilize an existing contractor under contract with the sewer district given the small size of this project. As such, EDP has not included preparation of a Project Manual (specifications), nor has EDP included bid assistance. Should the Town of Clifton Park decide to competitively bid this project, EDP could provide those services under a supplemental agreement, if desired.

EDP proposes to complete the following scope of services:

SCOPE OF SERVICES

Task 1 – Limited Topographic Survey

EDP will obtain additional spot elevations and pipe invert elevations in the vicinity of the existing culvert. The additional information will be utilized to develop detailed permitting and grading plans for the project.

Task 2 – Wetland Delineation and Permitting

EDP will have a wetland specialist visit the project site with the New York State Department of Environmental Conservation (NYSDEC) to provide a Jurisdictional Determination (JD) for the aquatic resources. EDP anticipates completing and submitting a Joint Application for the culvert replacement to the United States Army Corps of Engineers (USACE) for a Nationwide Permit and to the NYSDEC for a General Permit.

Task 3 –Design Plans

EDP will prepare design plans and specifications for the proposed improvements. The plans are generally anticipated to include the following:

- Existing conditions plan;
- Removals plan;
- Site plan;
- Grading plan with culvert profile;
- Erosion and sediment control plan; and,
- Details.

Draft plans and specifications will be provided to the Town of Clifton Park for review and input. Once comments have been received and incorporated, final plans will be completed.

QUALIFICATIONS AND EXCLUSIONS

- Any and all plans or project documents provided to the Owner or Owner's Contractor prior to final municipal approval or agency review shall be considered preliminary and not to be used for construction or project budgeting. Only those plans bearing the signature and seal of the issuing professional and approving municipal entities shall be used for construction or project financing considerations.
- EDP has assumed the project will not be bid and EDP has not included preparation of a Project Manual and/or bid assistance.
- Any work not specifically included in the Scope of Services is excluded.

FEE

EDP proposes to complete the tasks listed above on an hourly basis in accordance with EDP's Charge-Out Rates in effect at the time services are rendered. A copy of our current rates is attached. For your planning and budgeting purposes, EDP recommends a budget of \$9,000 be established for the tasks listed above.

Billing statements will be mailed monthly for the percentage of work completed during the previous calendar month. Payment is requested within thirty (30) days of the billing date. A finance fee of 1.5 percent per month will be assessed on any balance not paid within thirty (30) days. Any disputed billings must be brought to the attention of EDP, in writing, within fourteen (14) days of the billing, otherwise it will be assumed that the billing statement is accurate and acceptable.

We will assist with the technical aspects of the application, related technical forms, and required attachments to make sure the next submission is complete.

A. Base Services

KB Engineering will perform the following tasks below including:

1. KB Engineering will coordinate the wetland field work being performed by Gilbert Van Guilder, PLS.
2. KB Engineering will assist the Town with the technical aspects of the freshwater wetlands permit.

All such services will be subject to the terms of this Proposal, including KB Engineering's Standard Terms and Conditions, attached hereto.

If compliance with such policies will prevent or impair KB Engineering from performing the Services or its obligations under this Agreement, the Parties shall work in good faith to develop reasonable exceptions to such policies. If such exceptions cannot be agreed upon, the applicable Statement(s) of Work will be modified to excuse KB Engineering's performance of the affected Services. If KB Engineering's adherence to Client's policies increases KB Engineering's costs of providing the Services, KB Engineering shall notify Client of the foregoing and Client shall pay KB Engineering for the increased costs associated with adherence to such policies.

F. Terms & Conditions

RE: Proposal for Updating Solar Regulations
Town of Clifton Park, Saratoga County, NY

Dear Mrs. Viggiani:

The Town has recently established a moratorium on the review or determination of ground mounted solar facilities that are above 25 Kilowatts of capacity which are allowed to be constructed within the Conservation Residential, R-1, R-3, Hamlet Residential and Hamlet/Mixed Use Residential Zones. The Town would like to update the existing community solar regulations. Our proposed scope of services is as follows:

Scope of Services:

Task 1: Conduct a comprehensive review of the Town's existing solar energy regulations, zoning districts, Comprehensive Plan WGEIS, and other applicable local land use regulations pertaining to Tier 2 and Tier 3 Solar Energy Systems. Review recent updates to New York State guidance, model solar regulations, and applicable case law and regulatory trends affecting municipal solar permitting. Determine available GIS information for the Town.

Task 2: Compile and evaluate available GIS datasets and prepare a series of base maps illustrating environmental and land use constraints that may influence future solar development. Mapping may include, as available:

- Agricultural districts and prime farmland soils
- NYS Freshwater Wetlands and federal wetlands
- Hydric soils
- Soil Groups 1-4
- Conservation lands and protected open space
- Existing solar facilities
- Floodplains and water resources
- Existing zoning districts

Prepare GIS exhibits suitable for use in evaluating potential siting standards and incorporation into future planning documents.

Task 3: Prepare a community survey for distribution by the Town to solicit public input regarding future solar development. Survey questions will be developed by the solar advisory committee, Town staff and assistance by GPI. Questions may address community preferences related to location, screening, environmental protection, agricultural land preservation, visual impacts, and other relevant considerations.

Survey results will be summarized and distributed to the solar advisory committee and utilized during preparation of draft regulations.

Task 4: Develop recommendations for revised Tier 2 and Tier 3 Solar Energy System regulations, including but not limited to:

- Definition edits
- Permitted and special permit locations
- Development of standards and dimensional requirements, including setbacks
- Lot coverage limitations
- Agricultural land protection measures
- Wetland and environmental resource buffers
- Visual impact mitigation
- Landscaping and screening requirements
- Glare analysis requirements
- Decommissioning requirements
- Application requirements and submission standards
- Operations and maintenance requirements
- Financial security and decommissioning bonding provisions

Task 5: Prepare draft zoning amendments for Tier 2 and Tier 3 Solar Energy Systems based upon Town comments and stakeholder input. Draft regulations will be provided in Microsoft Word format to facilitate Town review and comment. One review cycle is included.

Task 6: Revise the draft regulations based on Town comments and prepare a pre-final version of the proposed solar regulations suitable for advancement through the Town's local adoption process.

Task 7: Attend up to two meetings (virtual or in-person) with Town staff, the Planning Board, Town Board, or other designated stakeholders to present findings, discuss recommendations, and obtain feedback on the proposed regulations.

Fee:

GPI proposes to provide all the services stated above for a lump sum fee of \$28,500.00.

Recommendation of Award**

Dear Supervisor Barrett:

Sealed bids were publicly opened for the Salt Storage Building Emergency Repairs Project on Friday, October 9, 2026. The bid results for Contract No. 1 – General Construction are shown in the table below:

<u>Contractor</u>	<u>Bid Amount</u>
PennGriff Construction, Inc.	\$71,800 *
WM J. Keller & Sons Construction Corp.	\$117,581
