Highway Superintendent Dahn Bull – Announcement Heavy Snow and Ice Event of March 23rd, 2024 Highway Department Brush and Debris Pickup Scheduled

The Clifton Park Highway Department will be conducting a roadside pickup for limbs brought down in the most recent heavy snow event of March 23, 2024. Pickup will begin on the morning of Monday, April 8, 2024. **All debris must be out to the curb Sunday night, April 7, 2024.** Debris must be brought to the shoulder of the road. Branches cannot be larger than 12” in diameter. We will be making one single run through developments and when pickup is complete, we will return to Highway Maintenance and Snow Removal. This is for Town of Clifton Park Residents.

All pickups are weather dependent. If weather does not cooperate, the Highway Department will be involved in snow and ice removal and will not be picking up brush that day.

We will have crews going neighborhood by neighborhood. Please continue to review the town’s website for updated information and details.

We will update which neighborhoods and roads have already been completed to the best of our ability. The Town Transfer Station also accepts yard waste and storm debris **FREE OF CHARGE** during regular business hours from Clifton Park residents only. The Transfer Station hours are posted below. No permit is needed but an ID is required. More information can be found at www.cliftonpark.org.
