The Town of Clifton Park Town Board adopted a Town of Clifton Park Agricultural and Farmland Protection Plan on May 19, 2026, following a 2-year public planning process. The Plan provides a comprehensive, forward-looking roadmap to sustain and strengthen agriculture as a vital component of the Town's economy, landscape, heritage, and quality of life. Its central purpose is to protect priority farmlands, enhance the long-term economic viability of farm operations, and ensure that agriculture remains an integral and celebrated part of Clifton Park's identity. It offers actionable strategies, grounded in data, public input, and best practices, to help the Town balance growth with stewardship while supporting both traditional and emerging farm enterprises. The purpose of this plan is to implement the community's shared vision for the long-term economic viability of agriculture and protection of valuable farmland resources in Clifton Park. A new committee was appointed in Summer 2026 by the Town Board to help take actions on the plan, led by Chairman Kevin Bowman. To learn more about the town's farm plan and the work of the committee, visit www.cliftonparkny.gov under the Agriculture and Farmland Protection Advisory Committee

Stop by the Clifton Park Farms info tables that will be located at Shepherd's Hey Farm, at 43 Riverview Rd., Vischer Ferry General Store at 357 Riverview Rd., Bowman Orchards on Sugar Hill Road, and Riverview Orchards at 660 Riverview Road throughout the weekend's event.
