

PUBLIC MEETINGS

We need your input to build a shared vision for roadway safety for the Capital Region!

The Capital Region Transportation Council is developing a Vision Zero Safety Action Plan focused on reducing fatal and serious injury crashes to an eventual goal of zero on all public roadways in the Capital Region. These public meetings provide an opportunity to learn more about the development of the Vision Zero Safety Action Plan, identify existing transportation safety issues, recommend changes to improve transportation safety, and meet with the project team.

All are welcome. If you require any assistive technologies, language translation, American Sign Language interpretation, and/or adaptive strategies to attend and engage at these public meetings, please contact Liz Podowski King with Highland Planning at 585-649-1210 or Liz@highland-planning.com at least three (3) business days in advance of the meeting you plan to attend.

To learn more, please visit:

CapitalRegionVisionZero.org
