

# Clifton Park TOWN CENTER PARK PLAN

## What is the Town Center Park Plan?

The Town of Clifton Park is embarking on a community planning project to develop a vision and conceptual design for park enhancements at the recently acquired 37-acre property formerly owned by the school district. This property, now public parkland, is located east of Moe Road, north of Arongen and Shatekon Elementary Schools, and west of Maxwell Drive Extension. The goal of this plan to ultimately develop a conceptual design for the parkland which will reflect the community's desire for what to do with this wooded property, currently one of the last undeveloped areas in the town center. We hope that you will be able to join us at one of our events and provide input on how you think this property should be used for the best community benefit.

## Get Involved!

In order to gather public input, we are planning a series of events to help spread the word and collect ideas. We encourage everyone to get out to the property this spring if they can to one of our site walks, preferably before our first "Visioning Workshop", where we will discuss what the desired character, style and feel of the park should be. Later in the year, we will hold a "Design Charrette" where we will work hand-in-hand with local residents to design the park enhancements.

### Spread The Word!

Feel free to help spread the word about this community visioning effort with others who enjoy the outdoors. Join us on Facebook (@townofcliftonpark) and Twitter (@ToCliftonParkNY) - Using hashtag #CPParkVision.

The Town Center Park property is located off of Moe Road, across the street from the entrance to Shenendehowa High School campus driveway, within easy walking distance from Collins Park or the Library. It can also be accessed from Maxwell Drive on the eastern side. Scheduled site walks will meet in the parking lot at the Public Safety Building on Maxwell Drive and continue on foot into the property from there. We hope you can join us for one of our events to learn about the property and share your ideas for the future.
