Signature: _____

The Town of Clifton Park is currently seeking sealed bids to provide pool chemicals (Sodium Hypochlorite, Muriatic Acid and Sodium Bisulfate) for all three town pools located at Barney Road, Burning Bush (Country Knolls) and Locust Lane.

The sodium hypochlorite solution is to be delivered every week or as needed by bulk delivery or 5 gallon containers as requested to all three town pools.

June 27-August 7: Delivery must be before 8AM
 May-June 26 and August 8-September 5: Delivery may be between 9AM - 5 PM

The muriatic acid is to be delivered as needed in containers as requested plus charges for containers.

The sodium bisulfate is to be delivered as needed in containers/bags as requested.

The approximate amount of sodium hypochlorite solution and muriatic acid to be purchased for each pool is in the chart below. (These amounts may vary depending on use of pools and weather)

Pool Location	Sodium Hypochlorite	Muriatic Acid	Sodium Bisulfate
Barney Road	3,160 gallons	12 gallons	0 pounds
Country Knolls	3,830 gallons	0 gallons	0 pounds
Locust Lane	1,220 gallons	12 gallons	0 pounds
Total	8,210 gallons	24 gallons	0 pounds
	Based on 2021 pool season usage	Based on 2021 pool season usage	Based on 2021 pool season usage

Bids to include any drum deposits and delivery fuel surcharges.
 Pool chemicals are for the pool season from May-September 2022.
