## 1.0 BACKGROUND AND AUTHORIZATION

On April 20, 2020, Mr. Lee Rosen, President of a transportation corporation known as Crescent Waste Treatment Corporation (CWTC) in the Town of Clifton Park (Town), Saratoga County, New York notified Town officials of its' plan to abandon the CWTC. Procedures for abandonment are outlined in Section 119 of Town Law. As specified, the assets of the Transportation Corporation are transferred to the local governing body (i.e. Town of Clifton Park).

The CWTC since its' inception provided sanitary sewer service within the transportation corporation district. The transportation corporation owned and maintained the sewer infrastructure similar to a utility company and charged customers for service. Over the years, more development occurred and more properties connected to the the CWTC system. Currently, the sewerage collected within the CWTC discharges into the Saratoga County Sewer District No. 1 (SCSD). The SCSD is responsible for the treatment portion of the waste generated from the district and the CWTC operates and maintains the collection system and pump stations within the transportation corporation boundaries.

The Town is proposing to create a new sewer district, Clifton Park Sewer District #2 (District), to serve approximately 2,500 users, which are currently provided sewer by the privately owned and maintained CWTC. These users are located in the southern part of the Town, as shown in the figure below.

Figure 1:

Proposed Clifton Park Sewer District #2 Service Area

The goal and objective of this project is to provide services through the preparation of a Map, Plan and Report supporting the proposed district creation. The Map, Plan and Report will outline the proposed boundary, identification of included parcels, sewer system facilities and improvements (if needed) and the estimated user costs, such that the new district can be created in accordance with Article 12A of the New York State Town Law.

## **2.0 PROPOSED DISTRICT BOUNDARIES AND BENEFITED PROPERTIES**

The proposed District will serve residential and commercial properties currently with CWTC, as shown in Appendix A of this report. CWTC provided the Town with a list of existing customers within the district which was used as the basis of reference for the establishment of the boundaries.

The proposed District includes approximately 2,500 separate parcels and encompasses a total land area of about 1.9 square miles. The District incorporates all the parcels that are currently part of the CWTC, including properties that are currently on a private septic system. Appendix D contains a legal description of the service area boundaries comprising the CWTC. A current listing of all properties within the service areas is provided in Appendix B.

## **3.0 PROPOSED SEWER SYSTEM FACILITIES**

The CWTC system consists of all the existing sewage collection system piping, manholes, and pump stations that were originally constructed to serve the properties in the service area. Based on the map provided by the CWTC, the proposed sewer system is illustrated in Appendix C and includes the following elements:

- 67,000 linear feet of 8-inch gravity sewer
- 12,000 linear feet of force main
  - 1,750 linear feet of 1.5-inch force main
  - 1,800 linear feet of 2-inch force main
  - 2,700 linear feet of 4-inch force main
  - 5,500 linear feet of 6-inch force main
- 5 pump stations
- 350 sanitary manholes

## **4.0 OWNERSHIP, OPERATION AND MAINTENANCE**

The Town will assume the operation and maintenance responsibilities for the sanitary sewer system, including the gravity sewer mains, force mains, manholes, pump stations, and appurtenances, within the current CWTC system. As part of this abandonment, the CWTC will operate under the Town's Section 169 Sewer Use Law.

All wastewater generated from the proposed District will be discharged to the SCSD wastewater treatment plant for processing. The SCSD has indicated that the proposed sewage flows will not adversely impact the operations or treatment process of the wastewater treatment plant.

## **5.0 ESTIMATED PROBABLE PROJECT COSTS**

The Town will operate and maintain the collection system as is for now. As the Town becomes more familiar with the system and any particular problem areas, capital improvements may be necessary in the future, therefore no project costs are anticipated as part of this district formation.

## **6.0 EXPLANATION OF USER COSTS**

General Municipal Law requires that all costs associated with a sewer district are to be borne by users in the district. The proposed costs to the typical user are typically based on a shared debt service by the property owners in the proposed district and operation and maintenance (O&M) of the sewer district, and any applicable fees (i.e. SCSD treatment fee). The user cost is to be charged on a benefit basis.

### **6.1 Debt Services Costs**

As previously discussed in Section 5 above, the Town will operate and maintain the collection system as is, therefore there will no debt service costs at this time. If in the future, capital improvements are needed a debt service payment will be determined based on the project costs.

### **6.2 Operation and Maintenance Costs**

#### **Town O&M**

The Town will operate and maintain the sewer system including gravity sewer, force main, manholes and cleanouts/air relief structures. All costs associated with personnel, equipment, materials and reserve are proposed to be charged per EDU. The Town O&M charge is projected to be \$175 per EDU in the first year of operation, similar to those charges of the existing Town of Clifton Park Sewer District #1. This is required to maintain the Town system for the benefit of all properties in the District. In addition, if any proposed development incorporates a main pumping station, the Town will pay for consumables at the pump station, including electricity and remote monitoring of the pump station operations, which may affect future O&M charges.

#### **Saratoga County Sewer District O&M**

While the Town provides the conveyance, the treatment of wastewater will be conducted by the Saratoga County Sewer District (SCSD) at the wastewater treatment plant (WWTP) in Mechanicville. A charge will be assessed to each connected property within the proposed District to pay the SCSD for the treatment of wastewater. Undeveloped properties not connected to the collection system are not billed O&M charges. Charges by the SCSD are set on an annual basis. Currently, the SCSD charges single residential properties (1 EDU) within the Town an annual user fee of \$255.50 to cover treatment of the wastewater. The SCSD charge is billed directly through the County on the yearly county tax bill. Currently, all customers located in the CWTC pay the \$255.50 fee from the County. Appendix C includes a summary of the current rates for the various type of users.

### **6.3 Costs of Connection Fees**

The customers currently connected to the CWTC system will not be charged a hook up fee. There are several parcels with the boundaries that are currently on septic systems and not connected. Should these parcels wish to connect to the municipal sewer system in the future, a hook fee will be assessed. This applies to future development as well.

The Town currently charges a hook-up fee of \$1,000 per lateral as outlined in the Town Code Section 169, Article XI Charges, § 169-103 Permit and Connection Charges. The Town also imposes a Permit Fee of \$50

for each service connection. This one-time fee will fund the administration and inspection of the proposed new connections to the sewer system and is not included in the overall user cost for District users after the first year.

## 7.0 ESTIMATED SEWER DISTRICT USER COSTS

The total annual sewer use rate will be composed of the O&M charged by the Town for transportation of the waste and SCSD for the treatment of wastewater received. It is proposed that those established rates be used for the first year of operation of the Town of Clifton Park Sewer District #2 customers. Previously, customers have been billed quarterly by CWTC and the Town intends to continue that practice for the remainder of 2020.

<b>Table 7-1: Estimated First-Year Sewer District User Costs Per EDU (Single Family Household)</b>			
<b>User Costs</b>	<b>2020</b>		<b>2020</b>
	<b>Q3</b>	<b>Q4</b>	<b>Annually</b>
Town O&M Fee	\$41.55*	\$41.55*	\$175.00
SCSD Treatment Fee	\$255.50 Paid on the January tax bill		\$255.50
<b>Total</b>	<b>\$41.55</b>	<b>\$41.55</b>	<b>\$430.50</b>

\* The cost of the MPR will be paid solely by the Crescent Waste Users (This cost is built into the quarterly charge)

The New York State Office of the State Comptroller issues a listing of the average estimated cost thresholds for special districts. This listing is issued on an annual basis. The January 2020 average estimated cost to a typical user for a sewer district extension is \$818.00. The proposed sewer district typical user costs, as shown in Table 7-1, are \$430.50, which is below the 2020 State Comptroller's cost. As such, Comptroller's approval is not required for the district extension.

It should be noted that only properties that are connected to the Town sewer system will be required to pay the Town and County O&M fees that are included in Table 7-1.

## 8.0 DISTRICT FORMATION PROCESS

The following are the procedural requirements for the creation of a district, which are in accordance with New York State Town Law – Article 12A. The district formation and charges are subject to permissive referendum.

- The submission of this report, representing a Map, Plan and Report to the Town Board, which encompasses the proposed district.
- The Town accepts and files this report.
- The Town Board schedules and holds a public hearing in accordance with NYS Town Law and Town of Clifton Park public notice requirements.

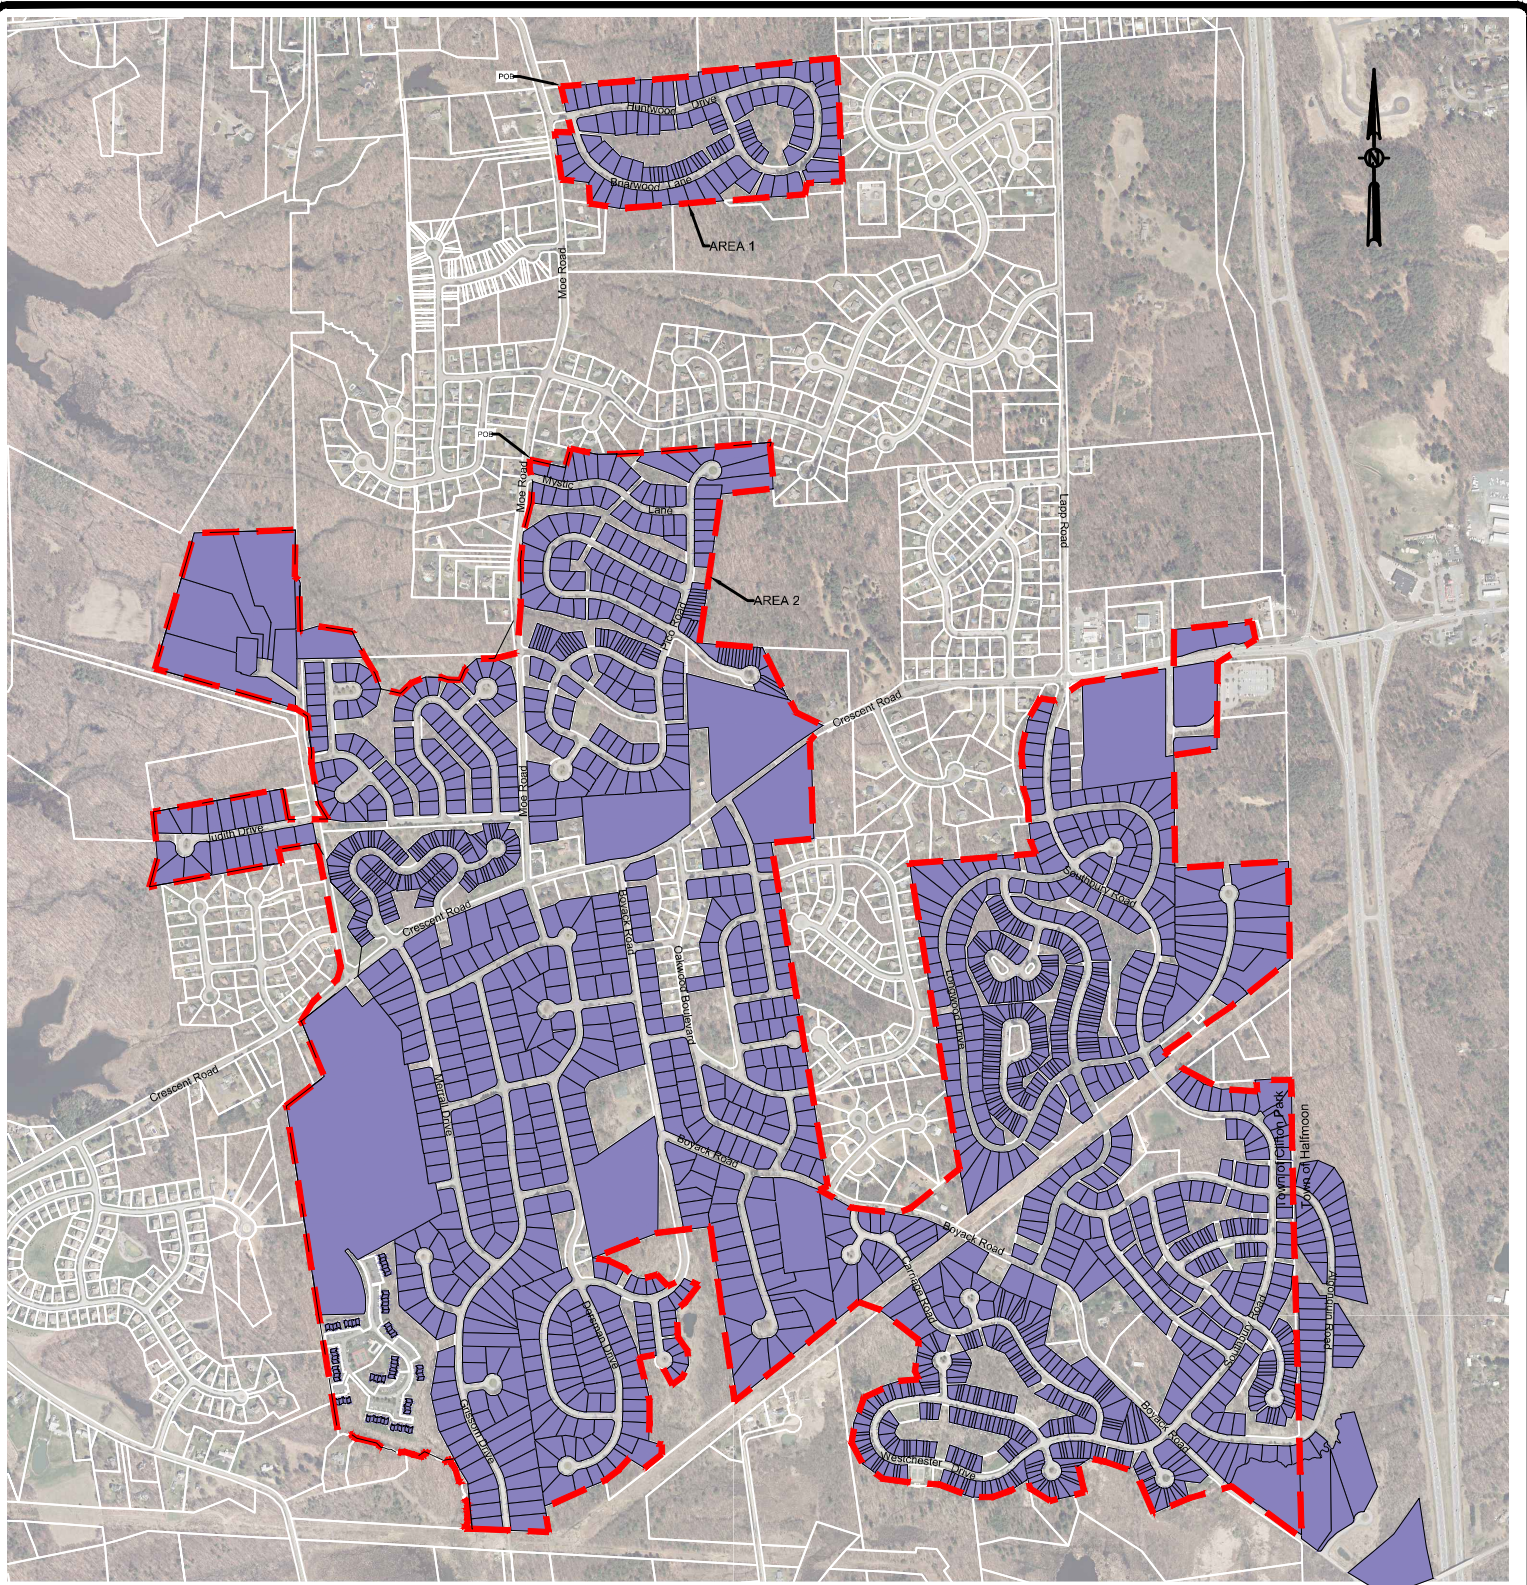

- The Town Board takes action on the State Environmental Quality Review (SEQR) by making a determination if the proposed action (district formation) will or will not have an adverse impact on the environment.
- Assuming the Town Board finds that the action will not have an adverse impact on the environment, a SEQR negative declaration shall be made by board resolution.
- The Town Board will consider acting on the proposed district formation by board resolution.

The Town Board, in its review of the creation of the district shall validate that the following criteria has been satisfied:

- All the property and property owners within the proposed district are benefited thereby;
- All the property and property owners benefited are included within the limits of the proposed district;
- The cost of the proposed improvements (if any proposed) is to be assessed against the benefited area and all real property to be assessed will be benefited by the proposed improvements and no benefited property will be excluded; and
- It is in the public interest to form the district and will not constitute an undue burden on the property that will bear the cost thereof.

## 2020 Scale of Charges for Saratoga County Sewer District

NOTICE OF PUBLIC HEARING  
STATE OF NEW YORK, COUNTY OF SARATOGA  
SARATOGA COUNTY SEWER DISTRICT NO. 1

TAKE NOTICE that, pursuant to Resolution 174-77 of the Saratoga County Board of Supervisors and County Law §266, the Commissioners of the Saratoga County Sewer District #1 will conduct a public hearing in the Board of Supervisors Chambers at the Saratoga County Municipal Center, 40 McMaster Street, in the Village of Ballston Spa, New York, on NOVEMBER 7, 2019, at 9:00 A.M., EST, for the purpose of establishing a scale of charges for the collection, conveyance, treatment and disposal of sewage for 2020.

PROPOSED 2020 SCALE OF CHARGES FOR SARATOGA COUNTY SEWER DISTRICT NO. 1

SECTION 1 - SEWER CHARGES IMPOSED

Pursuant to County Law §266(1)(a), Saratoga County Sewer District No. 1 hereby imposes sewer charges for 2020 upon all premises and real property, within or without District boundaries, connected to, the District's sewer system.

SECTION 2 - ESTABLISHMENT AND CONFIRMATION OF SEWER CHARGES

Subject to confirmation by the County Board of Supervisors, this scale of charges may, from time to time, be amended by the District's Commission.

SECTION 3 - CRITERIA FOR ESTABLISHING SEWER USER CHARGES

The scale of sewer user charges shall use the following criteria:

- (a) A user is defined as any piece of land upon which a building or buildings stand and is connected to an interceptor, trunk or collector sewer served by the District.
- (b) The annual cost of debt service, administration, operation and maintenance for the District's treatment facilities will be generally allocated to all users.
- (c) The annual cost of debt service and operation and maintenance associated with the interceptor sewer, will be generally allocated to all users connected to and/or discharging into the system.
- (d) The annual cost of debt service and operation and maintenance associated with each major trunk sewer system will be generally allocated to all users connected to and/or discharging into the system.
- (e) A connection unit is defined as a single-family dwelling unit. Units include, but are not limited to, a single family house, each apartment unit (e.g. an apartment building with six apartments is six units), each half of a duplex, a cottage, a camp, a mobile home, and each unit of a condominium or townhouse. A "unit" as used for billing purposes will be 200 gallons per day of sewer discharge, or any portion thereof. No user will be rated at less than one unit. Users will be rated in terms of whole connection units. Each tenant with sanitary facilities within a commercial complex will be defined as an individual user.
- (f) For all users, including single-family dwelling units, equivalent connection units (E.C.U.) will be determined based on the following schedule which accommodates peak demand and potential flow needs:

USER CHARGES:

Single parcel:

- A. Vacant - no charge unless a lateral was requested and installed. If lateral is installed, a collector fee shall be charged for each lateral.
- B. Occupied - Residential

- (1) Single Family Residence
    - a. 1 user, 1 collector as applicable.
  - (2) Multiple Family Residence – Each separate dwelling unit in a two family, three family or multiple dwelling, which is not an apartment
    - a. 1 user per dwelling unit
    - b. 1 collector per dwelling unit as applicable
  - (3) Apartments
    - a. Each dwelling unit is assigned 1 user and 1 collector as applicable
    - b. Subsidized senior housing - For complexes receiving Federal, State or municipal rent subsidies for dedicated senior housing, each 2 dwelling units will be assigned 1 user and 1 collector as applicable
    - c. Proof of entitlement to the designation as senior subsidized housing will need to be provided by the user and will be subject to approval of the Sewer Commission; confirmation of continuance of the subsidy will need to be provided to the Sewer District by September 1<sup>st</sup> of each year.
  - (4) Trailer Parks
    - a. 1 user for each approved trailer site
  - (5) Condominiums
    - a. Each unit is assigned 1 user and 1 collector as applicable
    - b. Charges will commence upon issuance of a Certificate of Occupancy by the local municipality for those units that the New York State Department of Law has authorized to be offered for sale. Common area facilities will be assessed to the owner of record as determined under provisions of Commercial Users.
- C. Occupied - Commercial

For all commercial users: where actual sewer flow is measured, that flow (one year's record data) shall be used for determining an E.C.U. count with adjustments for discharge strength and content. The data is to provide cumulative and daily peak flow volumes; the methodology is subject to approval of the Executive Director.

Users generating higher annual sewer flows than above schedule, the following rate table applies:

<u>Consumption (gallons)</u>	<u>Connection Units</u>
Up to 112,500	1
112,501 - 187,500	2
187,501 - 262,500	3
262,501 - 337,500	4
337,501 - 412,500	5

For each additional 75,000 gallons or any part thereof, the number of connection units shall be increased by one.

(g) When there is a substantial increase in sewer flows during the current year, the District may adjust the number of connection units charged and bill the user directly for that additional sum pursuant to Section 8.

(h) Saratoga Spa State Park will be charged based on their 2019 measured waste expressed in E.C.U.'s discharged to District facilities.

(i) Wastewater from wet processing and other operations is subject to the restrictions, prohibitions and surcharges outlined in the District's rules and regulations covering the discharge of sewage, industrial waste and other waste into the Saratoga County sewer system and all sewers tributary thereto.

(j) A user discharging B.O.D. or T.S.S. to the District facilities exceeding the amount allowed in the District's rules and regulations will be charged \$700 per dry ton for that excess per conditions of their discharge permit.

(k) All costs of the District's pretreatment and spill response program including, but not limited to, laboratory testing, labor, equipment, materials, consultants and sub-consultants, contractors and subcontractors, and fines, shall be reimbursed by the individual or user.

(l) Outside non-residential users will be charged two and one-half times the rate established for the trunk system servicing that user, residential housing will be one and one-half times that rate.

(m) Users of collection sewers turned over to the District will be charged for that portion of the District facilities utilized and at the same rate as the other users of the particular system.

SECTION 4 - SCALE OF CHARGES

The following is the 2020 scale of charges for the trunking and treatment of sewage.

(a) The cost of the treatment facilities and interceptor sewer lines is allocated among the 23 trunk systems. The units for those trunks and the portion of the 2020 user charges based on those units are as follows:

SECTION 6 - PAYMENT OF SEWER USER CHARGES

All sewer charges, excepting those for Saratoga Springs, Saratoga Spa State Park, Town of Schaghticoke, Saratoga County Water Authority, NYSEDA and GLOBALFOUNDRIES shall be collected pursuant to Real Property Tax Law Article 11. The assessor of each municipality utilizing the town and county tax bills for the collection of taxes shall properly code the assessment roll as to the number of connection units for each particular property and for those properties utilizing the collector system. The assessor shall use the District's formula to determine the units for multiple dwellings and commercial users of the trunk and collector systems.

The City of Saratoga Springs, which includes the Geysers Crest, Geysers Road and a portion of the Saratoga Lake trunk sewer systems; as well as the Kirby Road, Loughberry Lake, Crescent Avenue and a portion of the Saratoga Lake collector systems shall each be considered as a single-bulk user and shall be so billed by the District. The city's collecting officer shall determine the appropriate method of assessing and collecting its sewer user charge.

This single-bulk user charge may be passed on to city residents as a city sewer rent and enforced pursuant to General Municipal Law §452.

City payments shall be due quarterly by March 31, June 30, September 30 and December 31, 2020. A late payment charge of one percent (1%) per month shall be added for each month or portion thereof until paid.

The District shall bill Saratoga Spa State Park their 2020 user charges payable no later than May 1, 2020.

The Town of Schaghticoke shall be billed by the District for service to the Hemstreet Park area of the Town on a semi-annual basis in accordance with the terms of the District's Inter-municipal Agreement with the Town.

GLOBALFOUNDRIES and Saratoga County Water Authority will be billed on a monthly basis based on flows discharged the preceding month per terms of their Industrial Discharge Permits.

Payments by single-bulk users shall be made to the County Treasurer who shall reject any untimely or insufficient payment. The postmark date of a payment shall be evidence of payment.

#### SECTION 7 - PENALTIES FOR LATE PAYMENTS

Sewer charges shall be subject to the same penalties and interest applicable to County taxes generally.

#### SECTION 8 - PAYMENT OF SEWER CHARGES NOT ON TOWN/COUNTY TAX ROLLS

The District shall bill directly those users of the collector sewer system and the trunk sewer system not appearing on the town and county tax rolls. Payments shall be made to the District and forwarded to the County Treasurer. Partial payments will not be accepted and will be returned.

The District shall also bill directly those users that have had an increase in connection units during the year.

The County Treasurer shall prepare and transmit to the Board of Supervisors, on or before December 1, a list of District residents or property owners within the District who are in arrears in the payment of such trunk or collector charges for a period of 30 days or more. The list shall contain a brief description of the properties for which the services were provided, the names of the persons or corporations liable to pay for same and the amount chargeable to each including penalties and interest computed to December 31.

The Board of Supervisors shall levy such sums against the properties liable and shall state the amount thereof in a separate column in the annual tax rolls of the various municipalities under the name of "county sewer charges". Such amounts, when collected by the several municipal collectors or receivers of taxes, shall be paid over to the County Treasurer. All of the provisions of the tax laws of the State of New York covering the enforcement and collection of unpaid taxes or assessments for special improvements not inconsistent herewith shall apply to the collection of such unpaid charges. Such amounts, when received by the County Treasurer, shall be credited to the County Sewer District fund for the District's exclusive use.

#### SECTION 9 - PROCEDURES

This proposed scale of charges shall be considered by the District's Commissioners. The adopted rates shall be published in accordance with Resolution No. 174 of 1977 as amended by Resolution No. 174-09.

The County Board of Supervisors shall thereafter act upon the proposed scale of charges and upon all appeals in one of the following ways:

- (a) By confirming the scale of charges by a general resolution;
- (b) By amending the scale of charges and confirming the amended scale by a general resolution; or

- (c) By committing the scale of charges to the Sewer District Commission for further study and consideration.
