Chapter 157

Panhandling

- A. Legislative intent. This legislation is adopted in order to protect persons from threatening, intimidating or harassing behavior, to keep public places safe and attractive for use by all members of the community and to maintain and preserve public places where all of the community can interact in a peaceful manner. This legislation is also intended to provide for the free flow of pedestrian and vehicular traffic on streets and sidewalks in the Town, to promote tourism and business and preserve the quality of life. The Town Board finds that aggressive acts associated with solicitation tend to interfere with the free flow of pedestrian and vehicular traffic and intimidate persons in public places and can lead to disruption and disorder in public places. Aggressive acts can also cause persons to avoid public places and lead to declining patronage of commercial establishments and tourism. The Town Board further finds that solicitation in certain public places is inconsistent

with the use of those places, is inherently intimidating, targets persons who are captive audiences or constitutes an invasion of privacy as persons are not able to simply move on if they do not wish to speak to the person soliciting. Solicitation in proximity to bank entrances or check-cashing businesses or automated teller machines is inherently intimidating and should be restricted. By this legislation, the Town Board intends to promote the health, safety and welfare of the citizens and visitors to the Town.
